

Hello Racer Guys & Girls.

PLEASE READ, DIGEST AND ACTION before your next event. This is important not only for you but also the officials of events.

**At recent meetings of NIERDC rounds it is apparent that logbooks are not being kept up to date as required.**

When your car is to be audited the first item the scrutineer will require is your logbook. It is imperative that as the current owner, your name, address, etc. is entered on page 2 and a current photo of your race car is inserted in the back page of your logbook. (Current is the operative word).

During this quiet period please update your details so we as scrutineers are not spending excessive time trying to find your car as the photo in your logbook mare bare no resemblance to the actual.

So please, help us with this matter. Failure do so may have consequences.

Thanks and regards

Dave Graham

Chief Scrutineer - Lic # 150253Y

NIERDC Rnds 1,2 & 4
